All,

Here's a clean version of something that I can agree to, and Lynda & Steve should be able to, as well. I've basically accepted all changes and improved the layout/format a bit. I didn't find anything terribly conflicting in our respective edits.

Thank you all. I had some conflicting edits. I also tried to make the Q&A in the required format, but I still need a little help. We need to get the Q&A down to one page. I'm almost there, I think I have two or three lines that flow onto the next page. Any suggestions on where else to cut back? We don't need the funding chart. That saved a lot of space. We've really been getting a lot of push back this year to keep the answer to 3 concise bullets. I've moved a lot of what is in the answer into the background.

Would you mind please taking another look and see if you're comfortable with my edits and suggest a few more places we can cut back?

Thank you,  
Kristie

Kristie,  
Sorry for the delay in getting back to you. I have comments that are important to incorporate and would also ask Steve and Don to take a quick look and make any additional edits, esp. wrt the settlement agreement.

Thanks,  
Lynda
